

Overview

Keep your Camtainer in perfect working condition with this Cambro faucet kit. This kit includes the Cambro 64003 spout assembly, as well as the Cambro 60267 faucet assembly. The spout assembly comes with a flat rubber washer, the spout, a fiber washer, a hex nut, and a "c" ring to assemble the spout on the inside of the Camtainer. The faucet assembly comes with the faucet, a rubber seat cup, and a wing nut to assemble the faucet on the outside of the Camtainer. This faucet kit will help to keep the hot chocolate and the coffee flowing, making beverage service a breeze.
