

## Overview

Uphold ideal cleaning standards in your facility by using this Noble Products King-Pail cleaning pail. While its bright blue color adheres to HACCP guidelines to help prevent cross-contamination of sanitizers, detergents, and other cleaning solutions, its bold white text clearly identifies its proper usage. Plus, it features trilingual labeling in English, Spanish, and French to further distinguish its purpose as a cleaning pail. The pail even offers embossed text on the rim that also states its purpose, which is sure to remain should the white text wash away after repeated use.

This cleaning pail comes with a convenient bail handle that makes it easy to transport from one location to the next. The pail's sturdy polypropylene construction is built to withstand the wear and tear of everyday use as well, ensuring that it supplies your establishment with years of service! Additionally, the pail's interior features gradations for quart and liter measurements, which assist your staff in creating accurate liquid to solution ratios. Keep your facility in optimal order and help reduce the risk of cross-contamination with this reliable Noble Products pail!
