

Overview

The oral swab test detects up to different drugs in one testing period. Saliva drug tests are becoming more widely used in institutions where fraudulent test submissions are a concern.

Oral Drug Tests minimize potentially fraudulent submissions by eliminating the time that a test taker would take unsupervised. For instance, when test taker uses oral drug kits, they do not need to retreat to a restroom in order to complete the test as is the case with urine drug tests. Instead, an oral fluids drug test can be taken in the open, even in large groups as is the common practice when companies are performing mass hiring events. Once the test is complete, the test takers will close the container of the oral fluids test and return them to the test admin where results will be viewed and evaluated.

Oral fluid testing kits provide accurate results that can be photocopied easily allowing the results to be shared with those responsible for making an evaluation. Mouth swab drug kits are a fast and safe way to perform accurate drug testing with ease and with cost-effectiveness in mind. There is no need for restrooms or private collecting rooms. Instead, one room to host the test takers and complete the exams will be sufficient.

- Results in under 15 minutes
- Test Results Can Be Photocopied
- Eliminates Need for Restrooms
- Difficult to Adulterate
- Easily Transport to Labs
- Drug Test results are Displayed in Minutes!
- Do Not Place Anything in the Mouth Including Food Drink or Gum prior to the Test
- Negative and Positive Results are Clear and Easy to Read

TEST	CODE
Amphetamine	AMP
Barbiturates	BAR
Benzodiazepines	BZO
Buprenorphine	BUP
Cocaine	COC
Synthetic Cannabinoids	K2/SPICE
Marijuana	THC
Methadone	MTD
Methamphetamine	M-AMP
Morphine	MOR
Opiates	OPI
Alcohol	ETG
Phencyclidine	ETG
Tricyclic Antidepressants	TCA
Ecstasy	MDMA
Oxycodone	OXY

Propoxyphene	PPX
Fentanyl	FTY
Tramadol	TRAM

Attributes

Option	AMP, BAR, BZO, BUP, COC, THC, MTD, M-AMP, MOR, OXY, ETG, MDMA, AMP, BAR, BZO, BUP, COC, THC, MTD, M-AMP, MOR, OXY, ETG, MDMA and FTY
Packed	25/Cs
Product Unit Type	Case
