

Overview

Specifically designed for larger body types, our **Striped Color Inmate Shirts in 12XL–16XL** offer maximum comfort, reinforced strength, and long-lasting durability for correctional, detention, and institutional use. Built from heavyweight industrial-grade fabric and engineered for repeated high-heat laundering, these oversize shirts combine performance, professionalism, and secure facility compliance.

Key Benefits for Oversized Uniforms (12XL–16XL Sizes)

- **Heavyweight Industrial Twill Fabric**
Crafted from 7½ oz. industrial-grade 65% polyester / 35% combed cotton twill, offering superior strength, wrinkle resistance, and durability — ideal for repeated commercial laundering.
- **True Full-Cut Oversized Sizing (12XL–16XL)**
Specifically patterned for Big & Tall fit. Provides generous width in the chest, waist, and shoulders to comfortably fit larger individuals while maintaining a professional uniform appearance.
- **Triple Needle Stitched Construction**
All major seams are reinforced with triple-needle stitching and heavy-duty bonded thread, ensuring extended wear and tear resistance in facility environments.
- **Bonded Dual Active Thread**
Seams stretch rather than rip open under high stress or movement — ideal for oversize garments subjected to more pulling tension.
- **Color-Coded Oversized Size Labels**
Laundry-proof woven size tags (12XL–16XL) allow quick identification and easy laundry routing, even after hundreds of wash cycles.
- **Reinforced Stress Points**
Bartacked stitching on pockets, sleeve openings, and neckline for extra durability where larger garments experience higher tension.
- **Slip-On V-Neck Style (No Zippers or Buttons)**
Safe and secure for correctional use. Raglan sleeve design offers added range of motion without compromising security or appearance.
- **Clean, Professional Finish**
Double-folded bottom hem and sleeves prevent unraveling and keep shirts looking neat and uniform after repeated use.

- **Durable Neckline Protection**

Reinforced self-fabric V-neck piping prevents tearing and stretching, especially in larger sizes.

- **Available in Multiple Striped Color Options**

Common security-, facility-, and classification-approved colors in striped patterns for easy inmate identification and segregation.

- **Cost-Effective & Long-Lasting**

Built for long-term facility use — fewer replacements, less damage, and improved uniform consistency across Big & Tall populations.

Attributes

Color	Black & White, Orange & White
Size	12X-Large, 14X-Large, 16X-Large
Packed	6/Cs
Product Unit Type	Case
