

Overview

- 360° Sport Level Protection
- FlexFit Technology: absorbs quickly
- Leak Defense: anti-leak backup layer
- Comfortable Contoured Applicator
- No-Slip Grip
- Fragrance-free

Playtex Sport Tampons with 360° SPORT LEVEL PROTECTION are designed to fit and adjust to your body with every move. FLEXFIT® technology with flexible interlocking fibers works to absorb quickly, plus a LEAK DEFENSE backup layer provides extra protection against leaks. Featuring our signature contoured tip applicator for precise placement and NO-SLIP GRIP for easy, comfortable insertion. This is a great option for active teens and womankind.

Easy to insert for first-time tampon users. Follow our comprehensive step by step instructions on how to insert a tampon. If you feel any discomfort, the tampon may not be far enough inside. You shouldn't feel anything when the tampon is correctly in place. Absorbency needs can change throughout your cycle, and it's okay to try different absorbencies. Remember to change your tampon every 4 to 8 hours.
