

Overview

Cost-effective & economical, this stackable chair is durable and is crafted with a one-piece, injection molded design for increased strength. Constructed with high impact "no break" polypropylene, this easy to clean chair passes ASTM F1561-03. Ergonomic low back design is more resistant to chair leaning or rocking. Its lightweight design makes it easy to maneuver these chairs around. Each foot has a dimple in it where the customer can drill out a hole. Installation hardware not included.

Armless chairs.

Size 20.5"W x 21"D x 30"H.
