

Overview

Red sanitizing pail features everything you need to ensure employee compliance with health codes. English and French instructions are included on the bucket's front panel, and English and Spanish are located on the back panel. Additionally, the red color helps to avoid cross-contaminating buckets and solutions, and it adheres to HACCP guidelines.

- Trilingual labeling in English, Spanish, and French
- Red color helps to avoid cross-contaminating buckets and solutions
- Adheres to HACCP guidelines
- Embossed text on the top of the pail states the bucket's purpose
- Quart and liter gradations inside the pail ensure accurate mixing
