

Overview

A practical solution for temporary bed requirements, this portable bed platform that can stack easily provides humane and sanitary sleeping conditions by elevating inmates above the cold floor. Can be used with or without a mattress. Very lightweight makes for easy handling. One-piece unit is molded from high impact, abrasion and break-resistant polyethylene. Features a compact stacking density to optimize space during storage. 27 units stack 72" high. Easily cleaned with damp cloth and mild soap solution.

- Available in standard and large sizes.
- Fits beneath most existing steel bunks.
- Fire retardant.
