

Overview

The 7.5-quart commode bucket can be easily removed for the frame to be placed over an existing toilet to double as a raised toilet seat for individuals with limited mobility and have difficulty bending down on a standard toilet seat height.

Some of the features of this Folding Steel Commode is the armrests have plastic grips for comfort and to ensure a secure grip when sitting down or standing up. The frame is height adjustable to customize to each user from 17 to 23 inches. The commode bucket is made with a carry handle with cover and splash shield to aid in cleaning.
